An internship on yard management system in steel plant.

## TRAINING

Trained on python in AERIES SOFT TECH SOLUTIONS  
Trained on react native in FUTZEN ETECHNOLOGIES  
PVT LTD.

## PROJECT

**A project on yard management system using python.**

A Yard Management System (YMS) using Python can streamline the organization and movement of trailers in a yard. Python is ideal for this project because it offers robust libraries for data handling, a variety of frameworks for building intuitive user interfaces, and strong support for integrating with databases and external systems. Additionally, Python's simplicity and readability facilitate easier maintenance and scalability of the system.

## SKILLS

C  
python  
React Native  
Excel

## ACHIVEMENTS

Short term internship certificate by completion of employability skills program salesforce.
